## THE AUSTRALIAN CERAMICS TRIENNALE

Apmere Mparntwe

19-23 JULY 2022

CONFERENCE PROGRAM

Please Note: Program may be subject to change.

"People wonder what it is that's so special here and it's because everything comes here. And we connect to it, we're a part of it. Our Country is our home, and we know all the Sites and all the features, our rocks, our trees, our hills. We come up with our Country. We come up with it and feel it so strongly."

Doris Stuart Kngwarraye Apmere-ke-Artweye - Mparntwe (Alice Springs).

The Australian Ceramics Triennale is the nation's flagship ceramics conference, bringing artists, educators, theorists and collectors together from around the country to interrogate the field of contemporary ceramic practice.

Mparntwe / Alice Springs is home to central Arrernte people and a vibrant and diverse arts community who are honoured to live and work on Arrernte Country. Surrounded by the majestic world heritage listed ranges of Tjoritja National Park and criss-crossed by ancestral stories of yeperenye caterpillar and akngwelye thylacine. The region encompasses many biologically rich and complex ecosystems, a vast array of animals and plants and spectacular desert country.

This is Apmere Mparntwe (this place is Alice Springs). What better place to consider clay, earth, terte and what we do with it, how it connects us and how to live and work sustainably and respectfully.

Tuesday 19 July 2022

REGISTRATION
